

August 7th 2020

Sisters and Brothers

Your bargaining committee met in Ottawa on July 16 and 17. We spent the time reviewing our bargaining proposals and working through possible solutions to the common employer application. There has ongoing conversations with Bell/Expertech and we are considering all of this in the bigger context of bargaining which we are planning to start in mid September.

We will continue to update you as necessary.

Enjoy the rest of your summer and stay safe.

In Solidarity,

Your bargaining committee.

Our strength lies in our solidarity!
