

Bell Technical Solutions Bargaining Update

Fairness for BTS technicians is long overdue!

December 20, 2017

Bargaining Bulletin

To all members of the Ontario and Quebec BTS units,

Given the numerous common issues in Ontario and Quebec, we have agreed to a set of bargaining rules of engagement in order to showcase our solidarity and strengthen our position during negotiations with the Company.

Our discussions with the Company will conclude in Toronto on December 22, 2017. Over the holidays, the Committee will remain available in the event that resuming negotiations is necessary. On January 8th, 2018 bargaining will resume continuously in Montreal until the January 31st, 2018 deadline.

As we write this bulletin discussions with the Company continue and our Committee remains united and determined to reach our goals.

Happy holidays to everyone,
Your Bargaining Committee

In solidarity, your Unifor Joint BTS Bargaining Committee,

Ontario Committee
